VISION

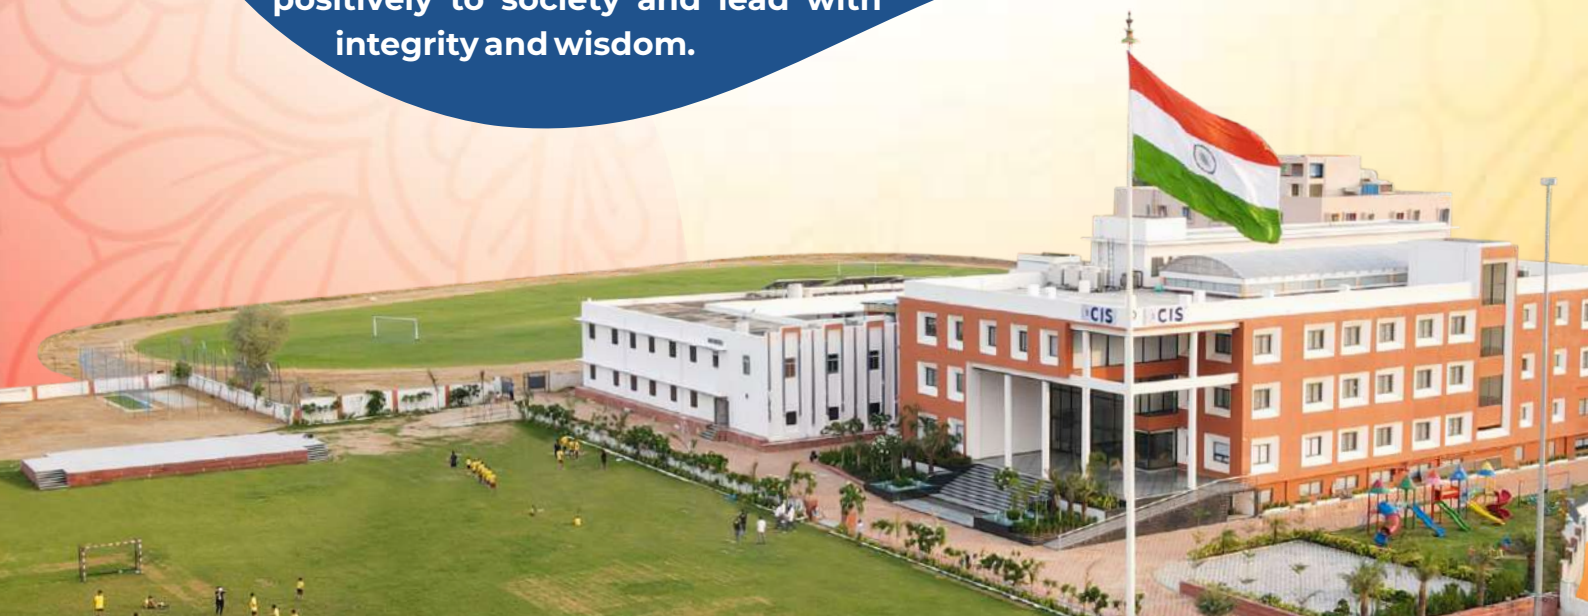

Our vision is to be the next-Generation educational hub, where cutting-edge learning, inclusivity, and holistic development thrive under one roof. We are dedicated to preparing students for the future by fostering creativity, critical thinking, and global citizenship.

We create a nurturing environment where learners grow into leaders, equipping them with the tools, values, and vision to shape a better world. Guided by the principle, “sketch the outline, invent the vision, and engage in research and practice,” we empower students to develop leadership, problem-solving, and resilience skills, preparing them for adverse management and confident leadership in challenging situations.

MOTTO

"Sheelam Param Bhushnam"
We uphold the belief that character is the finest virtue. We cultivate strong values and keep children rooted in our rich culture, guiding them to become ethical, compassionate individuals who contribute positively to society and lead with integrity and wisdom.

Our Patron

"Powerful people come from powerful places." Where once Sikar was unknown in the world of coaching, today it stands as a beacon of education, thanks to the relentless vision and effort of **Er. Sharwan CLC**.

Since its foundation in 1996, CLC has sparked a transformative journey, turning aspirations into reality and giving wings to thousands of dreams. What was once a distant hope has now become a thriving, tangible achievement. Through unwavering dedication, hard work, and innovation, CLC has reshaped the educational landscape, making excellence in education accessible to all.

Er. Sharwan CLC

As the Sanskrit shloka says, "तत्कर्मयत्संस्कृतंयत्रविश्वंशान्तिमयम्"

(Tatkarmayatsamskritamna yatra vishwamshantimayam), meaning, "The actions that are refined and guided by knowledge bring peace to the world." CLC's efforts have embodied this truth, turning education from a mere dream into a reality for thousands of students-many of whom, hailing from areas where even the roads were undeveloped, have gone on to become doctors, engineers, and leaders in their fields.

Through meticulous planning, tireless effort, and a commitment to excellence, CLC has proven that with dedication, no obstacle is insurmountable. With unwavering determination, CLC has turned its vision into reality—empowering students to build their futures, shaping a brighter tomorrow, and contributing to a national vision of nurturing a generation of leaders, innovators, and changemakers who will drive progress and transformation for years to come.

Jai CLC! Vijay CLC!

Director's Message

Dear Readers,

It is with great pride and deep gratitude that I share this message with you as we celebrate the continued growth of CLC International School, a sister concern of CLC. Our journey began 29 years ago in 1996, when we set out with a clear mission:

To provide an education that is not only of the highest standard but one that nurtures the whole child-mind, body, and spirit.

At CIS, our vision is to provide a transformative education right here in the city- so that no child needs to travel elsewhere to access the best that technology and modern learning have to offer. We strive to make advanced, technology-equipped education accessible to every student, ensuring that they are prepared for the demands of the future, without the need to leave their home city.

Our efforts go beyond just imparting knowledge; we are deeply committed to building confidence and self-belief in each child. Every lesson, every activity, and every interaction is designed to empower students, nurture their strengths, and help them realize their potential. It is our firm belief that “True efforts can create miracles.” With unwavering dedication, we cultivate an environment where learners can grow into leaders, ready to face the world with determination, integrity, and vision.

At CIS, we don't just educate-we shape the leaders of tomorrow.

Warm regards,
Mr. Samar Choudhary
Director

Principal's Message

Dear Readers,

CLC International School is founded on five core pillars inspired by the Panchamahabhootas, the five elements of sustenance, which guide students to become responsible global citizens with leadership and vision. The Academic Pillar (Earth) underscores that knowledge is the foundation for growth, while the Physical Enrichment Pillar (Air) focuses on the importance of a healthy body and mind.

Entrepreneurship (Fire) fosters self-reliance, innovation, and problem-solving, and Research & Development (Sky) drives progress and creative solutions. Harmony & Wisdom (Water) emphasizes the importance of service to others.

Our motto, Sheelam Param Bhushanam—"Character is the greatest adornment"—reminds us that true success comes not only through academic excellence but also through a strong ethical foundation. At CLC, we offer a holistic education that develops critical thinking, creativity, and responsibility. We strive to nurture compassionate, capable learners ready to tackle the challenges of the world and contribute to the greater good.

Warm Regards,
Sushma Bhadauria
Principal

Editor-in- Chief

Dear Readers,

At the core of everything we do is the desire to connect with you. This magazine isn't just about stories; it's about the shared experiences that bind us together. We write, create, and curate with the hope that our words will not only inform and inspire but also resonate on a deeper, more personal level. In this fast-paced world, it's easy to feel disconnected, which is why we've made it our purpose to create a space where you can feel seen, heard, and valued.

As Maya Angelou once said, "There is no greater agony than bearing an untold story inside you." This issue is particularly special to us because it marks an opportunity to invite you even closer into our world. We are opening up, sharing our minds, our emotions, and our experiences with the intention of fostering a true connection with you. Through these pages, we aim to create a conversation, not just between us, but between all of us—readers, creators, and thinkers alike. We believe in the power of shared stories, in the quiet strength of vulnerability, and in the magic that happens when we come together to reflect, grow, and learn.

Thank you for being a part of this journey. Your voice matters here, and we are so excited to have you with us as we continue to build a space where connection is at the heart of everything we do.

Happy Reading,
Warm Regards
Neha Gandhi

The Power of Language: English and Beyond Education

“One language sets you in a corridor for life. Two languages open every door along the way.” — Frank Smith

In today's interconnected world, English has become the bridge that connects people across cultures, enabling communication in business, education, science, and diplomacy. It has evolved into the global lingua franca, shaping our digital and economic landscapes. However, foreign languages (MFL) hold equal importance. They unlock doors to new perspectives, foster deeper cultural understanding, and enhance professional opportunities.

English and MFL are two sides of the same coin, each strengthening the other. While English serves as the common thread for international exchange, foreign languages enrich that connection by adding nuance and depth. Learning both is not just about communication—it's about embracing diversity, expanding horizons, and preparing for success in a world that values multilingualism. It creates leaders who can manage adversity, navigate global challenges, inspire collaboration, and drive innovation. By mastering languages, we equip ourselves to adapt, thrive, and lead with empathy and understanding in a rapidly evolving world. Through language, we connect, grow, and shape the future.

Neha Gandhi

Coordinator English & MFL

Funny Jokes

La maîtresse demande à Toto : Où est ton devoir de maths ?
Il s'est suicidé, madame. Comment ça ? Il avait beaucoup de problèmes.
The mistress asked Toto: Where is your maths homework?
He committed suicide, madame. What do you mean, he killed himself? He had a lot of problems.

Une femme va dans une pharmacie pour acheter des produits amaigrissants pour 300 euros. Elle demande au pharmacien : – Combien vais-je perdre avec ça ? – 300 Euros,

Chaque fois qu'on tombe
Tu nous donnes de la glace.
Chaque fois qu'on est triste
Tu nous donnes une place.
On sait que tu nous accueillons.
Avec une belle sourire.
Et une gentille voix.
Tu es toujours là pour nous.
Merci
-Tanvi-4th

J'aurais aimé ne jamais ressentir l'amour que vous ne pouvez pas rendre la pareille. J'aurais aimé ne jamais savoir la chaleur de votre confort, ton contact doux. J'aurais aimé ne jamais avoir mémorisé ta voix résonnait à plusieurs reprises dans mes oreilles. J'aurais aimé ne jamais avoir marché avec toi le long du rivage, pour que la mer ne paraisse pas vide sans toi. J'aurais aimé ne jamais t'avoir rencontré, pour que je n'aie pas à pleurer, Je ne ressentirais pas cette douleur, Je n'aurais pas à pleurer.

- Jay Krishna (French Teacher)

ExploreGERMAN

Fun facts:

1. **Longest Word:** The longest German word has 63 letters: "Rindfleischetikettierungsüberwachungsaufgabenübertragungsgesetz"
2. **Compound Words:** German loves compound words. Examples: "Bundesregierung" (Federal Government), "Kraftfahrzeug" (Motor Vehicle).
3. **Umlauts:** German's unique umlauts (ä, ö, ü) change word meanings
4. **Loanwords:** German borrowed words from other languages: "Handy" (cell phone, from English), "Kaffee" (coffee, from Italian).

Abschied von der Schule -Friedrich Hölderlin

Wir haben lange Zeit zusammen gelebt, Gemeinsam haben wir gelacht und geweint, Unsere Herzen haben sich verbunden, In Freundschaft, die nie vergeht. Wir sind zusammen aufgewachsen, Wie Bäume, die sich nebeneinander strecken, Unsere Jugend ist vorübergegangen, Wie ein Traum, der nicht wiederkehrt. Wir haben uns gemeinsam gefreut, Unsere Herzen haben sich verbunden, In Freundschaft, die nie vergeht, In Liebe, die nie endet. Lebt wohl, meine Freunde, lebt wohl! Ich werde euch nie vergessen, In meinem Herzen werdet ihr bleiben, Bis an mein Lebensende.

Wie meine Reise begann:

Alles begann in meiner Schule, wo ich zum ersten Mal mit der deutschen Sprache in Berührung kam. Die einzigartigen Klänge, die komplexe Grammatik und das einschüchternde Drehbuch haben mich fasziniert. Ohne zu ahnen, welche enormen Möglichkeiten vor mir lagen, ließ ich mich auf dieses sprachliche Abenteuer ein.

- **Nishtha Sharma** (TGT German)

शुभ वंदन

हिंदी एक भावात्मक भाषा है, जो लोगों के दिल को आसानी से छू लेती है। हिंदी भाषा देश की एकता का सूत्र है। पूरे विश्व में भारतीय संस्कृति का प्रचार करने का श्रेय एक मात्र हिंदी भाषा को जाता है। भाषा की जननी और साहित्य की गरिमा हिंदी भाषा जन-आंदोलनों की भी भाषा रही है।

करते है तन -मन से वंदन

जण-गण-मण की अभिलाषा का

अभिनन्दन अपनी संस्कृति का

आराधन अपनी भाषा का

विश्व में कई सारी भाषाएँ बोली जाती है, जिसमें हिंदी भाषा का विशेष महत्व है। यह भाषा भारत में सबसे अधिक बोली जाती है और विश्व में सबसे अधिक बोली जाने वाली भाषाओं में दूसरा स्थान है।

सीआईएस में बच्चों के सर्वांगीण विकास की यात्रा में भारतीय भाषा संवर्धन पर ध्यान देते हुए विभिन्न गतिविधियों, परियोजना कार्यों के माध्यम से भाषा से जोड़ने का प्रयास किया जाता है। विभिन्न विषयों पर आधारित इन गतिविधियों से विद्यार्थियों में सामाजिक, नैतिक मूल्यों का विकास होता है।

भाषा और संस्कृति एक देश की असली पहचान होती है। भाषा ही एक ऐसा जरिया है, जिसकी मदद से हम अपने विचारों का आदान-प्रदान कर सकते हैं। हिंदी वह सौम्य भाषा है जिसमें अपनी एक मिठास और सौम्यता है और हमें गर्व के साथ इसमें अपने भाव प्रकट करने चाहिए।

Mathematics:

The Foundation of the World

Mathematics is the language of the universe, the foundation upon which the modern world is built. From the simplest calculations to complex algorithms, math is essential in every aspect of life. In science, math drives discoveries, from calculating the speed of light to designing rockets for space exploration. In technology, algorithms, encryption, and data analysis all depend on mathematical principles.

In economics, math helps manage resources, set budgets, and forecast trends. In daily life, math governs everything from managing finances to cooking and even navigation. The importance of math cannot be overstated—it shapes our understanding of the world and advances innovations that fuel progress. As we continue to solve global challenges, math remains the key to shaping a better future for all.

"Pure mathematics is, in its way, the poetry of logical ideas"

– Albert Einstein

The Power of Science:

Driving Progress and Innovation

“Science knows no country, because knowledge belongs to humanity, and is the torch which illuminates the world”

— Louis Pasteur

Science is the driving force behind modern progress and innovation. Through research, new knowledge is discovered, pushing the boundaries of possibility. This knowledge is transformed into practical solutions that improve lives and create opportunities. From healthcare to technology, science fuels advancement in every field. The innovations born from scientific exploration have revolutionized communication, transportation, and daily life. Science empowers us to solve problems, enhance quality of life, and unlock future potential. It is essential to the continued evolution of society and the betterment of humanity.

Coordinator Science

Social Studies: Understanding Our World

"The more you know about the past, the better prepared you are for the future" – Theodore Roosevelt

Social Studies is the foundation that helps societies function and progress. Through history, we learn from the past, avoiding mistakes and fostering growth.

Geography helps us understand the world's physical and cultural landscapes, guiding decisions in urban development and environmental sustainability. Civics teaches us about governance, rights, and responsibilities, empowering active participation in democracy. Economics explains resource management, influencing policies for societal well-being and growth. Together, these disciplines connect the past to the present, shaping a path for future development and progress.

Ranjeeta Modi

Coordinator Social Studies

Commerce :

The Backbone of Economic Progress

Commerce is essential in driving the modern world's economy, acting as a bridge between production and consumption, and wealth creation and distribution. It enables businesses and individuals to exchange goods and services, facilitating trade both locally and globally. The primary purpose of commerce is to improve standards of living, boost economic growth, and provide access to products that may otherwise be unavailable.

It spans activities like manufacturing, marketing, financing, and transportation, ensuring the smooth flow of goods and services. By fostering competition, commerce enhances quality, reduces costs, and increases choices. Ultimately, commerce supports societal development, technological progress, and better living conditions, making it a cornerstone of both national and global prosperity.

Where Learner becomes Leader

Dear Students,

As we dive into another exciting chapter of our school journey, let's take a moment to reflect on our dreams, our goals, and the power within each of us to make them a reality. Every single one of you is capable of achieving greatness—whether it's excelling in academics, sports, arts, or any passion that fuels you. Believe in yourself, stay curious, and be fearless in the pursuit of knowledge.

Remember, success is not about perfection but about progress. It's about showing up every day, learning from mistakes, and pushing through challenges with resilience. When things get tough, remind yourself why you started, and know that every step you take brings you closer to your goals. And in those moments when doubt creeps in, look around. You're part of a community that believes in you, supports you, and celebrates your unique strengths.

Take pride in your journey, and make the most of every opportunity that comes your way. Keep dreaming big, stay motivated, and never stop learning. The future is yours to shape—let's make it extraordinary!

With belief in you always,

Riya Narula

Primary Coordinator

Building Skills : Beyond Classrooms

“Co-curricular activities shape not just minds, but hearts, building the skills needed for a lifetime of success”

Hands-on learning is an essential part of a child's development, especially for Balvatika and Primary students. At this early stage, young minds thrive through a blend of academic learning and extracurricular experiences. Activities such as arts, sports, music, drama and group tasks promote creativity, physical development, and social skills. These activities help children build confidence, improve teamwork, and develop problem-solving abilities. They also provide a balanced approach to learning, complementing academic progress with personal growth. Extracurricular activities are not just enjoyable—they are vital in helping children grow, excel, and prepare for future challenges.

Connecting with Roots:

The Importance of CCA in CBSE Education

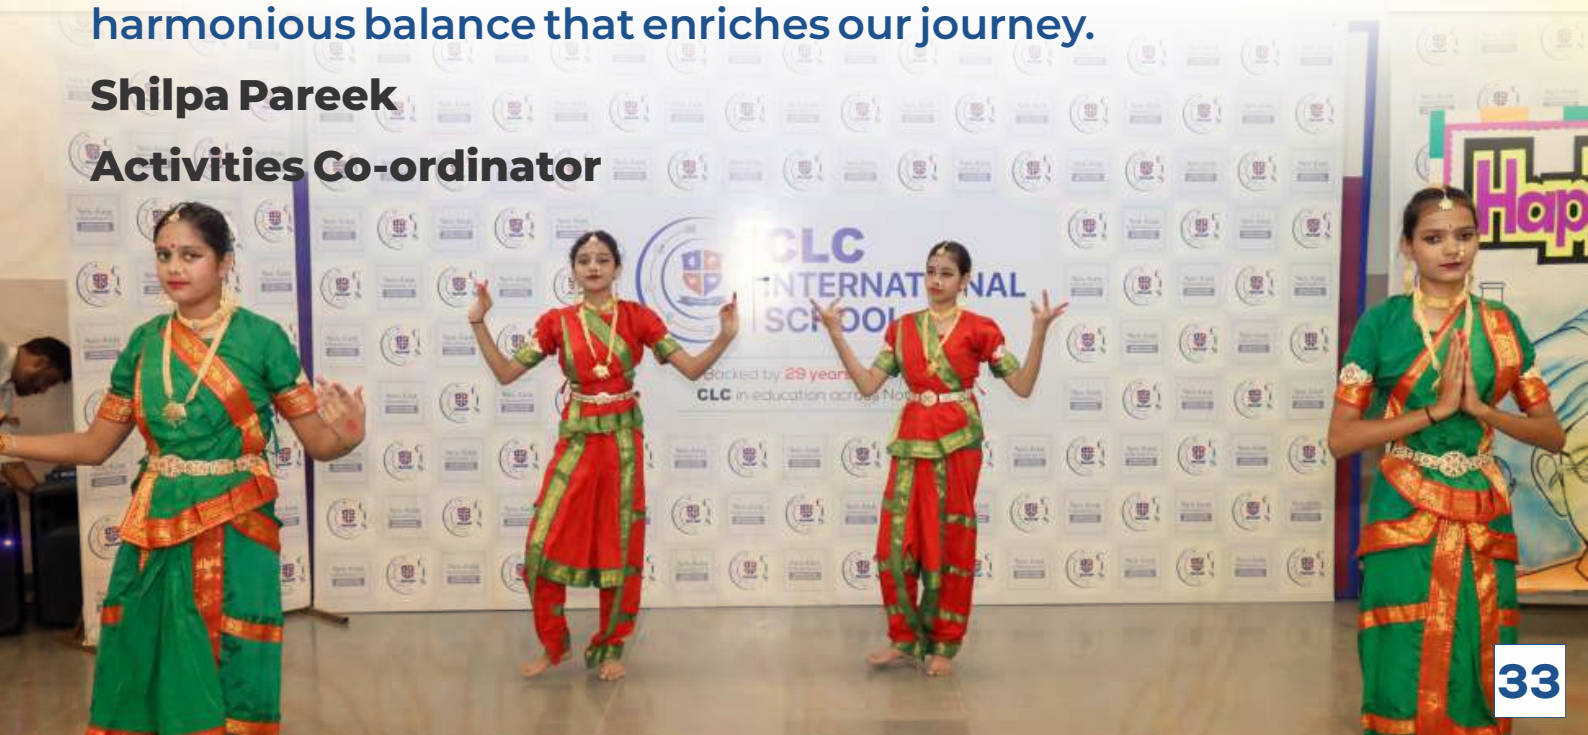

Co-Curricular Activities (CCA) are an essential part of the CBSE curriculum, providing students with opportunities to develop skills beyond academics. As Activities Coordinators, we guide students through a wide range of activities that foster creativity, teamwork, and leadership. Whether in sports, music, dance, or drama, these activities help children stay connected to their cultural roots, building pride and appreciation for their heritage.

As the famous saying goes, "Education is not the learning of facts, but the training of the mind to think." CCA nurtures this growth by encouraging exploration, self-expression, and personal development. By integrating cultural experiences into school life, we empower students to become well-rounded individuals with a strong sense of identity, confidence, and purpose.

Ultimately, life can be truly enjoyed when we embrace wellness in all aspects—physical, emotional, and cultural - creating a harmonious balance that enriches our journey.

Shilpa Pareek

Activities Co-ordinator

Teachers'

DAY

EDUCATOR'S EPIPHANY :

A symphony of gratitude on Teacher's Day Our school transformed into a haven of appreciation as students orchestrated a heartfelt tribute to the guiding lights of knowledge on Teachers' Day. From warm accolades to creative musical performance, the day unraveled as a symphony of gratitude, acknowledge the tireless efforts of our mentors. The vent was filled with laughter, camaraderie, and respect.

Teacher's DAY Celebration

*The influence of teachers extends beyond
the classroom well into the future*

Divine delight :

JANMASHTAMI

Celebration

Unfold in the heart of our school, echoes of devotion and joy fill the air as students come together to celebrate Janmashtami, enhancing the spirit of Lord Krishna's divine play. Colourful attires, lively dances, and melodious tunes paint a vibrant picture of unity and reverence.

JANMASHTAMI CELEBRATION

Celebration **Ganesh Chaturthi**

Harmony Of Hues :

CIS Radiance on Ganesh Chaturthi Students unite, joy ignites as the school replicates with devotional chants. Sparkling decorations and the aroma of incense fill the air, marking the auspicious occasion of Ganesh Chaturthi. a celebration blending spirituality and creativity.

A Guru is more than just a teacher.
They are a guiding light, a source of
wisdom and knowledge, and a source
of inspiration on our life's journey

Guru Purnima is an occasion to thank the ones who lead the way. It is the day to respect the gurus and show gratitude for they are the ones who nurture students, preparing them to take on the task of steering our country in the future . So, as every year, in keeping with the tradition of revering gurus for their invaluable contribution in shaping the minds and characters of the young people in their charge, CIS celebrated Guru Purnima. The function commenced with a warm welcome of the teachers by the students who greeted teachers by touching their feet and applying tikka thus seeking their blessings. Also, the students of the senior wing conveyed their gratitude for giving them the precious gift of education.. Students also presented various dance and music performances.

"The real magic wand is the child's own mind"

The Five Pillars of Confidence and Success

In the journey of life, confidence and success are not merely the results of chance; they are earned through deliberate actions, steadfast principles, and an unwavering commitment to self-improvement. If one is unable to manage and cultivate the following five aspects in life, they will find themselves on a strong path to both inner confidence and external success.

1. Discipline: The Foundation of Achievement

Discipline is the cornerstone of any successful endeavor. It involves the ability to set goals and follow through with the necessary actions, even when motivation wanes. Discipline is not about rigid routines, but about creating habits that align with your long-term aspirations. It teaches you to stay focused, resist temptations, and continuously move forward, even in the face of challenges. When you master discipline, you lay a solid foundation upon which confidence and success can be built.

2. Value of Time: The Most Precious Resource

Time is the only resource that, once spent, can never be reclaimed. Understanding and respecting the value of time is crucial for success. Those who are conscious of time are more likely to prioritize effectively, making the most of each moment to achieve their goals. When you learn to manage your time wisely, you enhance productivity, reduce stress, and increase the likelihood of achieving your objectives. This realization instills a sense of urgency and purpose in your actions, driving you closer to success.

3. Honesty: The Pillar of Integrity

Honesty is not just about telling the truth to others; it's about being truthful to yourself. It means acknowledging your strengths and weaknesses and embracing authenticity in your pursuits. Honesty fosters trust, which is the bedrock of meaningful relationships, both personal and professional. When you act with integrity, you earn the respect of others and build a reputation that opens doors to opportunities. Moreover, self-honesty helps you make informed decisions, boosting confidence and ensuring that your success is built on a foundation of truth.

4. Dedication: The Driving Force of Perseverance

Dedication is the unwavering commitment to your goals and aspirations. It is the force that keeps you going when the journey becomes tough. Dedication is about putting in the work, pushing past obstacles, and refusing to settle for mediocrity. When you are dedicated, you channel your energy into continuous improvement, which leads to mastery in your chosen fields. This relentless pursuit of excellence not only brings success but also instills a deep sense of confidence in your abilities.

5. Preparedness for the Unpredictable: Adapting to Change

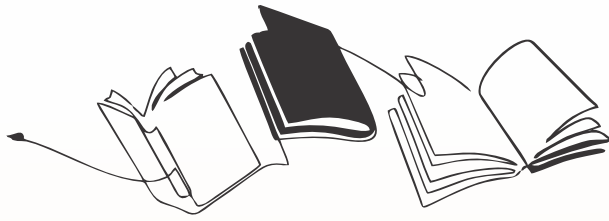

Dedication is the unwavering commitment to your goals and aspirations. It is the force that keeps you going when the journey becomes tough. Dedication is about putting in the work, pushing past obstacles, and refusing to settle for mediocrity. When you are dedicated, you channel your energy into continuous improvement, which leads to mastery in your chosen fields. This relentless pursuit of excellence not only brings success but also instills a deep sense of confidence in your abilities.

Conclusion

Confidence and success aren't destinations but outcomes of purposeful living. By embracing discipline, time management, honesty, dedication, and adaptability, you build a strong foundation for achieving goals. Mastering these principles leads to both success and personal fulfillment, readying you for life's challenges.

What Is Education?

Education plays a very important role in our life. It is the key that teaches a person how to live life. Education forms the foundation of human existence, and it should be accessible to everyone, as it helps create a healthy and educated society.

The first school for any person is his family, and the mother is often said to be the first teacher. Education is the weapon with which one can face life's biggest challenges. Without education, there are gaps in every area of our lives. A good education helps bridge these gaps and removes the societal differences that divide us. In our society, an uneducated person is often treated as an outcast.

Education is the force that removes the "animality" in humans, teaching them how to live life with dignity. The holistic development of the human mind is only possible through education. It enhances our knowledge, skills, confidence, and overall personality. Education doesn't just mean bookish knowledge; it means the kind of education that truly shapes a person, teaches him his worth, and elevates his human qualities.

The message of love, kindness, and humanity can only be spread in society through good education. It is a tool that sets us apart from other living beings on Earth. Education makes man the most intelligent creature on this planet, empowering him to face life's challenges with confidence and efficiency.

As Nelson Mandela once said, "Education is the most powerful weapon which you can use to change the world."

Shekhawat**
CLASS- VIII

First Day of School

I wonder,
If my drawing
Will be as good as theirs.
I wonder,
If they will like me,
Or if they'll just stare.
I wonder,
If my teacher
Will look like Mom or Gyan.
I wonder,
If my puppy
Will miss me, or wonder where I am.
I wonder,
What new friends I'll find,
And if they'll want to play.
I wonder,
If the classroom will feel big,
Or if it will feel like home today.
I wonder,
If I'll be brave enough,
To raise my hand when they call my name.
I wonder,
If school will be as fun
As I've imagined, or just the same.

Bhavika
Class- VIII

Embrace the Wild

They won't tell you tales of girls
Who are fierce, untamed, and win.
Instead, they'll paint the picture
Of sweet girls, soft and mild,
Rejecting all that's bold or wild.
But to them, it's a scary sight—
A girl who knows what she wants,
And knows exactly what she's doing

She doesn't fear the storms that rage,
Or the fire that burns inside.
She embraces the chaos,
And wears her strength with pride.
For she's not just a story they tell,
She's the wildness that dares to rebel.
When she lets the wild ignite.

Mumal
Class- VIII

Shaping the Future

Education is an essential part of every human's life. It shapes us into better individuals and provides stability in our personal and professional lives. It is imparted through teachers in various institutions, ranging from schools to universities.

Beyond just academics, education has several other vital benefits. It helps us lead a healthier and more informed life by teaching us the importance of nutrition, exercise, and well-being. It also empowers us to defend ourselves and our country, preparing us for challenges in the world around us.

Education is the process of acquiring knowledge, skills, values, beliefs, and habits through both formal and informal learning methods. It enables personal growth, helps us land professional jobs, and supports the achievement of our dreams. It is also the key to leaving a lasting impact in this ever-

changing world. Lord Macaulay, often considered the father of modern education in India, played a major role in shaping the education system we have today.

Good Health: A Priceless Treasure

The age-old saying, "Health is Wealth," holds timeless value. Health means more than the absence of physical illness; it's about complete physical, mental, and social well-being. Recently, childhood obesity has risen dramatically, particularly in cities, leading to diseases like Type 2 diabetes. Children often rely on junk food, sugary drinks, and processed snacks while neglecting fruits and vegetables. The solution is simple: provide healthier, more nutritious food options to ensure better health and prevent lifestyle diseases.

The Impact of Artificial Intelligence & Social Media in 2050

In 2050, artificial intelligence (AI) will revolutionize the way we live. Robots will replace humans in many jobs, dominating industries worldwide. While robots can perform human-like tasks, concerns arise about their impact on human skills, creativity, and job security. Job displacement will be a major issue as robots take over roles in sectors like healthcare, banking, and transportation. Emerging technologies like quantum computing, the metaverse, and driverless cars will further reshape our world.

Meanwhile, social media will continue to have both positive and negative effects. Excessive use, especially among children, can lead to isolation, anxiety, depression, and even suicidal thoughts. Adults are also affected, as social media addiction impacts mental health, sleep, and real-life relationships.

Kristal
Class- VI

नेतृत्व (Leadership)

1.

नेता वह नहीं जो सबसे आगे चलता है,
नेता वह है जो सभी को साथ ले चलता है।
जिनके इरादे हों मजबूत और सपने हों बड़े,
उनके साथ हर मुश्किल भी आसान हो पड़े।

2.

जो राह दिखाए वही असली नेता कहलाए,
जिसकी सोच में हर दिल खुद को पाए।
उसे देखकर चलने की प्रेरणा मिलती है सबको,
सच्चे नेतृत्व का यही होता है शिखर और लक्ष्य
का जो रास्ता हो रोशन।

3.

सिर उठाकर चलना है, यही हमारी
पहचान, नेतृत्व की राह पर है,
सबका मिलकर चलना, हमारी जान।
जो साथ लाए सच्चे सपनों की टोली,
वही है असली नेता, वही है सच्चे दिलों
की मस्ती और मौज।

3.

नेतृत्व का असली मतलब है, सभी को एक साथ
खड़ा करना,
सपनों को सच करने की ताकत से हर रास्ता
रोशन करना।
हर दिल में उत्साह, हर आँख में क्रांति,
सच्चे नेता की पहचान यही, जो प्रेरणा देता है
हर कदम में संजीवनी।

मनीष चौधरी
कक्षा-11वीं

शिक्षा का दिवानापन है, ये राहें दिखाती,
ज्ञान की रोशनी से, जीवन को सजाती।
हर किताब में छिपा है, एक नया संसार,
पढ़ाई की आदत बनाओ, यही है असली प्यार।
सपनों की मंजिल पाने का, ये एक साधन है,
शिक्षा की मूरत में, छिपा हर ग़म है।
ज्ञान की ओर बढ़ते जाओ, कभी न रुकना,
हर पल में है सीखने का, एक नया मौका।
शिक्षा की ज्योति जलाकर, अंधेरों को मिटा दो,

हर विचार में छिपी है, नई दुनिया बना दो।
कभी न हो निराश, सीखना कभी न छोड़ो,
जीवन की इस पाठशाला में, आगे बढ़ते रहो।
सपनों को सच करने की, यही है सच्ची राह,
शिक्षा से मिलता है, हर दुख का इलाज।
संघर्षों में भी सिखो, ना डरकर आगे बढ़ो,
जिंदगी को नया आकार, शिक्षा से ही जोड़ो।
हर नई सुबह में, ज्ञान का दीप जलाओ,
इसी से दुनिया को, नया रंग दिखाओ।

अमित मुंदीयारा
कक्षा-9वीं

SPORTS FEST

Sports and Education : A Winning Combination

“Sports do not build character. They reveal it”

—Heywood Hale Broun

Sports play a vital role in shaping both education and daily life, offering invaluable lessons from a young age. Engaging in sports since childhood helps instill a strong character, teaching discipline, resilience, and teamwork. These qualities not only enhance academic performance but also prepare students for the challenges of life. Through sports, individuals learn to manage time effectively, set goals, and handle both success and failure with grace.

Sports provide an opportunity to lead a disciplined life, cultivating habits that extend beyond the playing field. Regular physical activity not only improves health but also promotes mental well-being, reduces stress, and builds confidence. Ultimately, sports help individuals grow into well-rounded, focused, and determined individuals, equipped to face the world with strength and perseverance.

Hrangbung Gilbert Anal

Sports Coordinator

67th

BOYS' BASKETBALL TOURNAMENT

U-17 & U-19 (2023-24)

Platform for Excellence in Teamwork and Skill CLC International School proudly hosted the 67th Boys' Basketball Tournament, giving young athletes an opportunity to excel through teamwork, determination, and skill. We are dedicated to offering diverse opportunities for our students to shine.

68th

GIRLS FOOTBALL TOURNAMENT U-17 & U-19 (2024-25)

Inspiring Passion and Resilience on the Field 68th Girls' Football Tournament, a platform for students to showcase passion, sportsmanship, and resilience. Our commitment is to provide opportunities that nurture growth and success at every level.

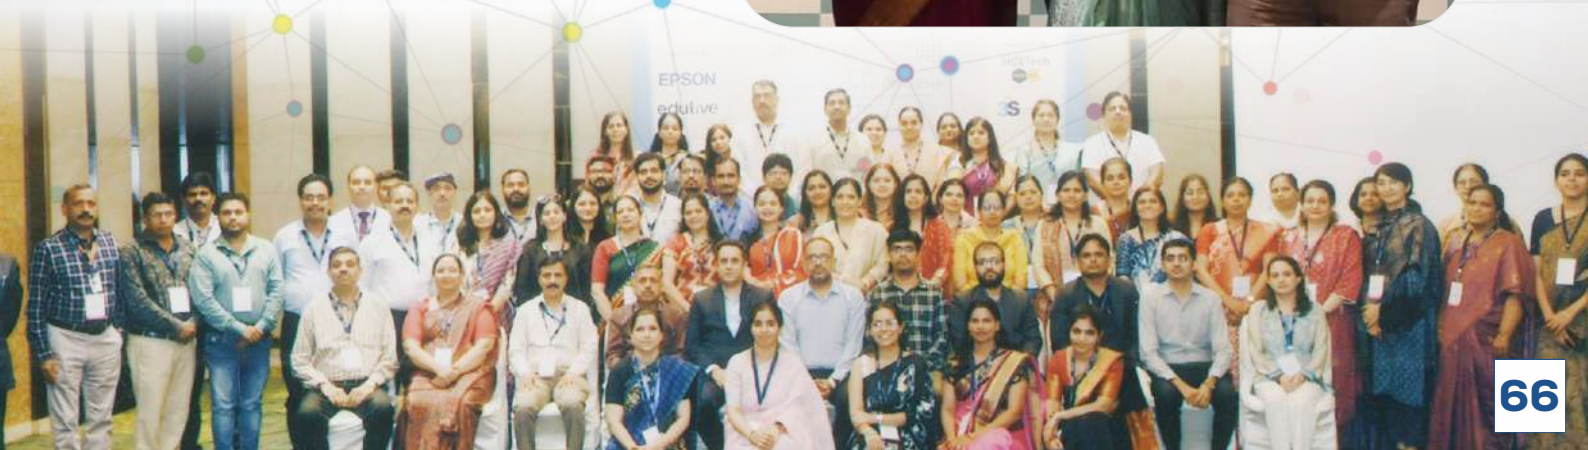

SPORTS PULSE AT CIS

PROFESSIONAL DEVELOPMENT PROGRAMME

Where Learning Fuels Leadership!

At CIS, we prioritize the 360-degree development of teachers, equipping them with the latest knowledge, skills, and tool. Continuous professional development is essential to keep educators updated, fostering innovation, leadership, and excellence in teaching for a dynamic and evolving educational environment.

CIS Hostel : **A Home Away From Home**

At CIS Hostel, we aim to provide a warm, supportive environment where children feel secure and at ease, even when far from their families. As the saying goes, "Home is where the heart is," and we work to ensure each child's heart feels valued and cared for. Recognizing the challenges of living away from home, we focus on both physical and emotional well-being.

With dedicated caregivers, balanced meals, and regular health check-ups, we prioritize the health of every child. Additionally, we promote emotional growth, academic progress, and life skills through personalized attention, extracurricular activities, and counseling support. We foster a sense of belonging, ensuring each child feels safe, nurtured, and empowered to thrive.

Kapil Mishra

Head of Pastoral Care

House Eve at CIS

**"Life is either a daring
adventure or nothing at all."**

Beyond the school walls,
we explore, learn, and create
unforgettable moments on our local excursions.

Educators' Insights

Education and Mental Health

A Crucial Connection "The greatest wealth is health." — Virgil

Education and mental health are deeply interconnected, as mental well-being plays a vital role in academic success. Mental health issues such as anxiety, depression, and stress can hinder a student's ability to learn and perform. Schools must become supportive environments that address these concerns. Integrating social-emotional learning (SEL) programs helps

students develop resilience, empathy, and emotional regulation, enhancing both their academic and emotional well-being.

Training teachers to recognize mental health challenges and providing counseling services are essential steps in creating a healthy school culture. By prioritizing mental health alongside academics, schools can foster a positive, supportive environment that helps students thrive both

The Boundless Bond

The bond with children, pure and bright,
A connection so deep, it feels just right.
In their laughter, a song is born,
A melody forever youthful, never worn.

With every smile, with every glance,
They draw you in with a joyful dance.
Their love is limitless, free from ties,
A current that flows through lows and highs.

Their hearts are open, wide and clear,
They love without doubt, without fear.
A touch, a word, a playful gaze,
In their presence, my spirit sways.

Their energy, a light so bright,
A beacon that guides me through the night.

In their love, I am made whole,
A connection that nourishes the soul.

For in their hearts, we find our way,
Through every night, through every day.
The love we share, words can't express,
With children, the soul finds its rest.

My Journey to Becoming a 'Deutschlehrerin'

As I reflect on my journey, I am filled with gratitude and excitement. Learning German was never a deliberate career choice but a fascination that blossomed into a rewarding profession. It all began in school, where I first encountered the German language. Its unique sounds, complex grammar, and intricate script captivated me. I had no idea that this fascination would lead to countless opportunities and experiences that would shape my life.

Guided by Passion and Mentorship - My teacher played a pivotal role in nurturing my passion for German. His kindness, patience, and expertise helped me navigate the challenges of learning a foreign language. As I advanced, he encouraged me to continue my studies beyond the classroom, planting the seed that I could make language learning a lifelong pursuit.

A Turning Point - A scholarship from the Foreign Language Studio allowed me to deepen my German studies. This recognition not only boosted my confidence but also solidified my decision to pursue language teaching as a career.

From Student to Teacher - As I began helping classmates with German, my teacher noticed my ability to explain complex concepts in a simple way. He offered me a chance to teach at his institute, where I discovered my true calling. The act of teaching German brought me immense fulfillment and deepened my own understanding of the language.

Reflecting on the Journey - Choosing German has been one of the best decisions of my life. It has opened doors to opportunities, cultural enrichment, and personal growth, reminding me of the transformative power of language.

To My Fellow Students - To anyone hesitant about learning a new language, I offer this advice: Don't be afraid to explore unfamiliar territories. Learning a foreign language may seem daunting, but it can lead to unexpected, life-changing paths. Stay curious, stay consistent, and trust that your dedication will open doors you never imagined.

As the saying goes : „Sprachen öffnen Türen“ – Languages open doors. You never know where they may lead.

Forever Is Now": Contemporary Art at the Pyramids of Giza

The iconic Pyramids of Giza serve as the breathtaking backdrop for "Forever Is Now", Egypt's annual contemporary art exhibition. Now in its fourth edition, this immersive show blends ancient history with cutting-edge art, featuring large-scale sculptures, installations, and interactive works that bridge the gap between past and present. Curated by Art D'Egypte, the exhibition brings together 12 international artists from countries including the UK, South Africa, France, India, and Egypt, with artists from Asia joining the lineup for the first time this year.

The artworks reflect themes of ancient rituals, lost civilizations, and the continuity

of human experience, creating a conversation between the ancient and the modern. The event also includes free lectures, panels, and community programs, making it a dynamic cultural exchange. "Forever Is Now" invites visitors to experience the ever-evolving tapestry of history and contemporary art, all at the foot of one of the world's most enduring monuments.

Chandrayaan-3: A Leap Forward

India's Chandrayaan-3 mission has achieved a historic milestone with its successful landing on the moon's south pole, a region scientists believe could hold valuable frozen water resources. This achievement is not just a source of national pride but represents a key step toward sustainable lunar exploration. Dr. K. Sivan, former ISRO chairman, emphasized that this success brings humanity closer to realizing long-term lunar missions. Additionally, aerospace

trends are shifting towards reusable rockets and eco-friendly fuels, with SpaceX and China's methane-powered rockets leading the way. These innovations make space more accessible and environmentally responsible. As Elon Musk once said, "We must first master our own neighborhood." Chandrayaan-3 symbolizes the possibilities of sustainable space exploration and inspires future generations to dream big.

Arduino: The Heart of Robotics for Students

In the world of robotics, the microcontroller serves as the brain, controlling how a robot moves and interacts with its surroundings. Among various microcontrollers, Arduino has become a popular choice for students, hobbyists, and engineers due to its simplicity, affordability, and power.

What is Arduino?

"Arduino is an open-source platform that consists of a microcontroller board, which can be programmed to control various components like motors, sensors, and lights." By using the Arduino IDE, students can write and upload code to the board to bring their projects to life. With its easy-to-understand programming language and vast online resources, Arduino is a great tool for anyone new to robotics.

Why is Arduino Important for Robotics?

- 1. Easy to Learn:** "Arduino's programming language is simple, and the large online community offers a wealth of tutorials and support, making it beginner-friendly."
- 2. Affordable:** "Arduino boards are low-cost, and they are compatible with a variety of affordable components, making it accessible for school projects."
- 3. Versatile:** "Arduino can power a range of robotics projects—from basic obstacle-avoidance robots to complex robotic arms—opening up endless possibilities."

Arduino helps students develop essential skills in problem-solving and programming, making it an ideal entry point into the world of robotics and STEM education. Through hands-on projects, students are empowered to explore technology creatively and practically.

The Unspoken Risks of Chemical Drugs

Chemical drugs effectively treat many health conditions, but their use can lead to serious side effects. Long-term use of medications, such as NSAIDs, can result in organ damage, gastrointestinal bleeding, and increased risks of heart disease and strokes.

The Rise of Antibiotic Resistance-The overuse and misuse of antibiotics have led to antibiotic-resistant bacteria, making infections harder to treat. This resistance prolongs illnesses, raises healthcare costs, and increases mortality rates, highlighting the dangers of over-reliance on chemical drugs.

The Psychological Dependence on Medications-Chemical drugs can create a dependence on quick fixes, discouraging healthier lifestyle changes like exercise and a balanced diet. Over-reliance on medications, particularly those affecting the central nervous system, can lead to addiction and further health complications.

The Need for a Balanced Approach - While essential, chemical drugs should be used cautiously. Healthcare providers must emphasize preventive care and non-drug treatments, while patients should make informed choices to minimize risks and promote long-term health.

Ripples of Kindness: Transforming Lives

In a world often clouded by negativity, kindness shines as a beacon of hope and positivity. Even the simplest acts—like a smile, a helping hand, or a kind word—have the power to transform lives. Students helping classmates with homework or leaving encouraging notes are perfect examples of how small gestures can make a big impact.

Many schools also promote kindness through initiatives like peer mentoring, buddy systems, and anti-bullying campaigns. These programs foster a sense of community and create a culture where compassion is valued.

The impact extends beyond school as well, with students volunteering for local charities or supporting environmental causes. Acts of kindness not only enrich others' lives but also bring fulfillment to the giver. In a world where kindness is practiced daily, a ripple effect of positivity continues to grow.

Debunking Myths About School Subjects

Many myths about school subjects limit students' potential. Math isn't just about numbers—it's about logic, problem-solving, and real-world applications. Science isn't exclusive to "science types"; it includes creativity and is open to all students. History is not just memorizing dates—it's understanding context, analyzing patterns, and fostering empathy.

Literature goes beyond bookworms; it encourages critical thinking and empathy through diverse genres. Art and music are as important as any subject, enhancing creativity, collaboration, and cognitive skills. Technology is a tool, not a replacement for traditional learning. Lastly, struggling in a subject doesn't mean you shouldn't pursue it—growth comes from effort.

By: Ranjeeta Modi
TGT S.ST

2024-25

Connecting Math to the Real World

“Mathematics is not just about numbers; it's about understanding the world around us and making everyday tasks simpler and more manageable.”

Mathematics is an essential part of daily life, making everything easier and more manageable. Without math, life would feel like an unsolvable puzzle. From simple tasks like shopping for the best price to more complex ones like managing finances or planning travel, math is everywhere. It helps us with budgeting, cooking, understanding loans, and even sports statistics.

Additionally, math plays a role in creative activities such as music, baking, home decorating, sewing, and gardening. Parents can help teens see the real-world applications of math by discussing how they use it in everyday life. Sharing examples, like calculating expenses, preparing meals, or organizing a garden, can make math feel more relevant and interesting. By highlighting the importance of math in daily activities, parents can inspire their children to value and appreciate the subject. When teens connect math to real-life situations, they're more likely to develop a positive attitude toward learning and using it.

वांछा

उन्हें बताओं वो दुनिया खरीद लाए हैं
जो बूढ़े बाप का चश्मा खरीद लाए हैं

वो अपने बेटों को बाईक दिलाने वालें थे
सो हम भी बेटी का बस्ता खरीद लाए हैं

उसी का दर्द हमें मरहमो से प्यारा है
हम अपना बेच के जिसका खरीद लाए हैं

हमारे घर में अर्धेरा नज़र नहीं आता
ये चंद सिक्कों में हम क्या खरीद लाए हैं

ज़मीन बेचने वालों को ये नहीं मालूम
वो दरिया बेचके क़तरा खरीद लाए हैं

किताब लाए है हम अपने कुछ बुज़ुर्गों की
हम अच्छे अच्छों से अच्छा खरीद लाए हैं

किसी के हिज़्र में आँसु बहाने वाले हम
किसी से मिलने का सपना खरीद लाए हैं

Jay Krishna Verma

काश मैं भी लड़की होती

अच्छा होता अगर मैं लड़की न होती,
तो जो मेरे साथ हुआ, वो कभी किसी के साथ न होता।
बस अगर मैं लड़की होती, तो शायद सब कुछ अलग होता,
क्यों लड़कियों को इतनी मेहनत करनी पड़ती है,
क्यों उन्हें इतने सपने दिखाए जाते हैं,
और फिर क्यों दुनिया में उनका मानक अलग होता है ?

क्या होता? अगर मैं लड़की होती,
तो सब कुछ आसान होता।
रात-रात भर जागना पड़ता है,
खुद को साबित करने के लिए।
काश मैं भी लड़की होती,
तो शायद मेरी मेहनत को समझा जाता,
और मुझे वो सम्मान मिलता, जो मुझे कभी नहीं मिला।

इतनी मुश्किलें पार कीं, उस मुकाम तक पहुंची,
लेकिन हर कदम पर खुद को लड़ा हुआ पाया।
कभी सोचा था कि क्या कि मैं लड़की हूं ?
कभी यह महसूस हुआ कि मेरी मेहनत और संघर्ष,
सिर्फ इसलिये था क्योंकि मैं लड़की थी।

अगर मैं लड़की होती, तो शायद मुझे यह सब नहीं सहना पड़ता,
मुझे पता है, लड़के होने का मतलब कितना अलग होता।

मेरे लिए तो यही मंज़िलें होतीं,
सब कुछ आसान होता।
काश मैं लड़की होती,
तो इस समाज का नज़रिया बदल जाता,
और शायद मेरी पहचान भी बदल जाती।

बचपन

बचपन की वो बातें, वो यादें प्यारी,
खिलते थे सपने, रंगों से सवारी।
खुशियों की थी दुनिया, हर पल में खुशी,
न कोई डर था, न कोई घबराहट की जिद।

दोस्ती की वो गहरी, सच्ची परिभाषा,
हंसी में समेटे थे हम अपने आकाशा।
गली के मोड़ पर दौड़ते थे हम सब,
हर दिन एक नई खोज, हर दिन एक नया चुप।

फूलों के संग खेलते, नदियों के साथ गाते,
आसमान में उड़ते, बादलों से बातें करते।
सपनों के पंखों पे, उड़ान भरते थे,
रातों को चाँद की चाँदनी में बहकते थे।

बचपन वो दुनिया थी, न कोई चिंता, न कोई व्यथा,
माँ की गोदी, पापा की बाहों में,
हर दर्द था पल में मिटा, हर खुशी थी साथ।

बचपन, तुम हो जीवन की सबसे प्यारी याद,
तुमसे ही तो सीखा है खुश रहने का तरीका,
सच में अनमोल बात।

2024-25

वार

आज एक औरत ने फिर औरत पर वार किया,
उसके सम्मान पर अत्याचार किया।
कितनी बार, कितनी बार हर सीता की ज़िंदगी में,
कैकेयी के पंजे उसे रौंदते रहेंगे?

कब तक सीता वन में यूँ ही भटकती रहेगी?
कब तक उसकी पवित्रता की परीक्षा होगी?
कब तक उसके हौसले को तोड़ा जाएगा?
कब तक उसका आत्मविश्वास लूटा जाएगा?
आखिर कब तक... आखिर कब तक ये सब होगा?

कब तक वो चुप रहेगी, और कब तक वो रोएगी?
आज ये सवाल फिर से उठ खड़ा हुआ,
आज फिर धरती माँ का सीना फटा है,
कितनी बार ये धरती दर्द से तड़पेगी,
कब तक ये ज़ख्मों से पिघलेगी, कब तक ये सहती रहेगी?

हर बार एक औरत ने ही दूसरी औरत को हराया,
कब तक इस घाव को चुपचाप सहेंगे हम?
कब तक हम चुप रहकर एक-दूसरे को तड़पते देखेंगे?
आखिर कब तक हम लुटेंगे, और कब तक हम रोएंगे?
आखिर कब तक ये सैलाब चुपचाप बहते रहेंगे?
आखिर कब तक, आखिर कब तक?

सीआईएस के अनिरुद्ध का टीम इंडिया में चयन

P3 Police Public Politics

सीकर, मुख्यमंत्री, सीबीएसई स्कूल सीआईएस, सीकर के विद्यार्थी अनिरुद्ध किशानावत ने एक कैलेंडर और खेल मंत्रालय के दलकलपन में अर्जेंट जूनियर का चयन किया। यह चयन 2024 में खेल मंत्रालय द्वारा आयोजित अनिरुद्ध ने खेल मंत्रालय के दलकलपन में अर्जेंट जूनियर का चयन किया है। यह चयन 2024 में खेल मंत्रालय द्वारा आयोजित अनिरुद्ध ने खेल मंत्रालय के दलकलपन में अर्जेंट जूनियर का चयन किया है।

किशानावत का चयन अब देश में होने वाले अंतर्राष्ट्रीय खेल प्रतियोगिता में भाग लेने के लिए है। यह चयन 2024 में खेल मंत्रालय द्वारा आयोजित अनिरुद्ध ने खेल मंत्रालय के दलकलपन में अर्जेंट जूनियर का चयन किया है।

सीएलसी इंटरनेशनल स्कूल में फ्रेशर्स प्लेयर का आयोजन

सीकर | सीएलसी की स्कूल सीआईएस में बुधवार को फ्रेशर्स प्लेयर कार्यक्रम किया गया। निदेशक सुषमा भदौरिया ने बताया कि सीआईएस में नव प्रवेशित छात्रों के स्वागत के लिए ये कार्यक्रम किया गया। कार्यक्रम का शुभारंभ सुषमा भदौरिया, शिक्षक टीम व अभिभावकों ने किया। सीआईएस स्पोर्ट्स ने सरस्वती बंदना के साथ प्लेयर की शुरुआत की। इस दौरान छात्रों ने जूबा-जुबा खेल का प्रदर्शन किया।

सीआईएस में शुरू हुई बालिका फुटबॉल स्पर्धा, काछवा की टीम ने जीत हासिल की

सीकर | सीआईएस जिला स्तरीय बालिका फुटबॉल स्पर्धा में काछवा की टीम ने जीत हासिल की। इस प्रतियोगिता में 17 टीमों ने भाग लिया। काछवा की टीम ने अंतिम मैच में 3-0 से जीत हासिल की।

केंद्रीय खेल मंत्री ने किया सीकर के अनिरुद्ध का सम्मान

केंद्रीय खेल मंत्री मनसुख मंडविया ने सीकर के छात्र अनिरुद्ध किशानावत को सम्मान से नवाजा। उन्हें ये सम्मान उज्बेकिस्तान में आयोजित चौथी विश्व स्कई चौपियनशिप में स्वर्ण पदक जीतने पर दिया गया है। मंडविया ने किशानावत को अपने कार्यालय में आमंत्रित कर विशेष सम्मान से नवाजा। उन्होंने अनिरुद्ध की इस उपलब्धि को देश के लिए गर्व का क्षण बतते हुए जीवन में आगे बढ़ाने के लिए प्रेरित किया। सीआईएस निदेशक समर चौधरी और प्रिंसिपल सुषमा भदौरिया ने अनिरुद्ध की इस उपलब्धि पर गर्व व्यक्त करते हुए प्रशंसा व्यक्त की।

सीआईएस में 68वीं जिला स्तरीय बालिका फुटबॉल का शुभारंभ

सीकर | सीएलसी की ओर से संचालित सीबीएसई स्कूल सीआईएस जिला स्तरीय बालिका फुटबॉल प्रतियोगिता का शुभारंभ हुआ। प्रतियोगिता में अंडर-17 और अंडर-19 आयु वर्ग की 17 टीमों का भाग ले रहा है। उद्घाटन समारोह में सीआईएस निदेशक समर चौधरी, प्रिंसिपल सुषमा भदौरिया और खेल विभाग के अधिकारियों द्वारा दीप प्रज्ज्वलन कर प्रतियोगिता का शुभारंभ किया गया। प्रिंसिपल सुषमा भदौरिया ने बताया कि प्रतियोगिता का उद्देश्य बालिकाओं में खेल प्रतिभा को बढ़ावा देना है। प्रतियोगिता के उद्घाटन मैच में लोटस वैली ने केशवानंद भट्टाचार्य को 3-0 से मात दी। अंडर-17 आयु वर्ग की टीमों ने अपने-अपने मैचों में अपने-अपने स्कोर हासिल किए।

सीबीएसई बोर्ड के परिणाम में सीआईएस का दबदबा

सीबीएसई के 10वीं-12वीं बोर्ड परीक्षा परिणाम में सीआईएस द्वारा संचालित स्कूल सीआईएस के विद्यार्थियों ने शानदार प्रदर्शन किया है। निदेशक समर चौधरी ने बताया कि कक्षा 12 में दिया स्कोर ने 95.60 प्रतिशत अंक प्राप्त करते हुए विद्यार्थी का नाम रोशन किया है। सीआईएस प्रिंसिपल सुषमा भदौरिया ने बताया कि कक्षा 12 में 12 छात्रों ने 90 प्रतिशत से अधिक, 31 छात्रों ने 85 प्रतिशत से अधिक तथा 50 छात्रों ने 80 प्रतिशत से अधिक अंक प्राप्त किए हैं। इसी प्रकार कक्षा 10 के परिणाम में लक्ष्य ने 93.20, अर्जुन ने 92.80, शुभम शर्मा ने 92.40, मनोष कड़वासा ने 90.40 तथा तन्मय बराला ने 90.20 प्रतिशत अंक प्राप्त किए हैं। सीआईएस निदेशक चौधरी ने बताया कि शानदार प्रदर्शन पर संस्था में जश्न का माहौल रहा। अचल रहे विद्यार्थियों को बधाइयां दी गईं।
